" Long Winded Stories of Windsurfing Adventure "

March 1999

Passports...

Did you see the passport on the address page? (Writer waits while reader flips newsletter around... hmmm hum hm hmmm.) There, you saw it?

The original purpose was an article I've been thinking about for over a year. For most of us, windsurfing is a habit. Same beach, same friends, same path across the water. Mostly for a good reason, we've pretty much figured out where to sail in our backyard. But the 95th time you reach towards Aqualand, you begin to wander: What's on the other side?

Thus, I was going to do a bit where you had a passport that allowed you to try new spots. Ever been to Clark's Hill (Augusta)? Hartwell? West Point? How about Lake Martin in Alabama or Norman in N.C. Maybe you've been to Ft. Walton, but how about Panama City, Pensacola, or Gulf Shores? Use your increasing skills to explore new beaches and see new sights- there are no dolphins on Lanier but its really neat to see them

in Florida.

Where do you start? Try the **Long Distance Charity Sail**. You'll see parts of Lanier you may never have seen before. It's very neat to be sailing for an hour, go past a few islands and then see the little bay we spend so much time in. And it's great fun to sail with other people.

Now it has an additional meaning. For some of us, Florida isn't exotic enough. Hatteras? Been there, done that. Even the Gorge is still in the U.S. of A. Think tropical. The Caribbean island synonymous with windsurfing, Aruba, would be a great venue to explore. But how to get there? It costs money and, mind you, if you've seen my quiver (Team Packing Tape) you'll know that flying anywhere to windsurf is out of the question.

But someone will go to Aruba with a friend or loved one to windsurf. Someone will because they'll register for the Inland Windsurfing Championship and win the big door prize.

Okay, get that 2" x 2" head shot and get your documents ready. This spring, you are windsurfing someplace new.

Next month's meeting will be on Tuesday, March 9th at 7:30 pm. As always, friends, guests, kids and total strangers are welcome.

Our Next Meeting

The Brandy House is located 4365 Roswell Rd. N. right across from and about 500 yds. down south on Roswell from our old location (tel: 404-252-7784). This is about 2 miles inside the Perimeter on Roswell, just past Wieuca Rd. on the left.

"Adopt a Weekend" Plan In Tatters

*"It probably won't
work..."*

Last month, in this very space, the suggestion was floated that club members volunteer adopt a weekend monthly and make it Club Weekend at a local sailing spot.

THUD

The silence was deafening.

[Insert Disappointment]
[Insert Righteous Indignation]
[Insert Exhorting]
[Insert Imploring]
[Insert Pleading]
[Insert Begging]
[Insert Threats]

[Insert Photo of Reader at his/her office Christmas Party dressed as (famed crossdressing entertainer) RuPaul]

[Insert Loosely veiled Extortion]
[Insert Editor's Cayman Island Bank Acct No.]

Okay, so let's try this again. The idea was for club members to adopt one weekend a month at a local favorite sailing spot and perhaps bring some goodies: soft drinks and snacks. Pick your month (yes, you could do only one and it could be with someone else) and the club picks up the tabs for the

The Virtues of Membership

Many moons ago, I wrote about how taken aback I was when someone told me that they had no use for the club.

I made the usual noises: We fight for your rights; its the good thing to do, etc.

Obviously, there are more practical aspects as well: Freebies at charity events (we've kept Gene Mathis fat with fins the last couple of years). Ads in the newsletter and on the website.

Then there is the fellowship angle: You'll make friends, blah, blah, blah.

And the reply was, "So stinkin' what."

Well my friends, it probably saved a fellow clubmember \$800 recently. A nice fellow (who shall remain anonymous) recently moved to town and joined the club.

On a recent very BIG day, he got caught out overrigged. A midday lull that induced a 6.0 turned vengeful as pretty soon people were getting tossed around on 4.5s. The difficulty in carrying almost 2 meters too much sail translated into his being caught downwind of his launch and awash at another park.

Continued from page 2

consumables.

It won't take more than a half hour or at most part of an afternoon.

What happens then? Will you notice a halo when you look in the mirror? Yes, of course. All our volunteers get a 15% discount at *Bob's House of Halos*. But more than that, you'll find windsurfing a heck of a lot more fun. (We also get a 15% discount at *Charlie's House of Fun*). Call Ed Marks and he'll fill you in on the details: 404-266-3572

[Insert "Oh, and we still have the negatives."]

An obervant clubmember (thanks Charlie Phillips), noticing his distress, persuaded a fisherman to give him a tow back. But the tow could only bring him and the board- sans carbon mast, boom and new Neil Pryde sail.

It's hard to say goodbye to good gear but its better than saying goodbye to a loving wife and child. He did the right thing. The rig was abandoned and conceded for lost.

A nice park cleanup crew noticed the rig and deposited it at the guardhouse of Van Pugh, knowing it was a favorite windsurfing haunt. A considerate clubmember (thanks, Dave DeLozier) picked up the rig and made a couple of phone calls to find out to whom it belonged.

About 9 pm last night, I got a phone call from a very happy sailor. His rig was intact and he'd soon have it back in his hands. He had resigned himself to its expensive loss and this was a very, very pleasant surprise.

Yeah, maybe he'd have gotten it back anyway. But I'd like to think that because we all know each other, feel connected to and responsible for each other and I have a nice list of names and phone numbers on the club data base, this story happened faster and easier than otherwise. Yeah, that's what I'd like to think.

Dept of Modesty: Reprint from the US Windsurfing News March/April 99: Wisconsin "Surf" Hits Atlanta Boardsailing Club...

We just returned from the Seniors Championships [Oct. 23-25, '98) held at the Lake Lanier Sailing Club in Georgia, where one of our WI competitors, Marlin Meitzen, won first place in his Masters group. From our Surf Sailboard Club, Wayne Owens took a second place and Vern Vice took a third. There were 70 competitors in all with 6 from WI; an all-time record for Wisconsin participation at this event! You can see that enthusiasm runs high for the most exciting, active participation sport for all ages. The Seniors Event is one of the most popular, well-established, best attended competitions held in the US. This was the first year for the event at Lake Lanier, which turned out great, because the Atlanta Boardsailing Club was our host. Their expertise in running large events was evidenced by the core of volunteers who dedicated time; prepared excellent meals, beverages, extended club privileges as well as friendly camaraderie. Chris Voith chaired the event, was the most awesome race director a group of windsurfing competitors could ask for. In addition to planning the event and organizing the volunteers, he helped prepare campsites for the incoming campers, working with the Lake Lanier Sailing Club staff, leveling sites and adding crushed stone for drainage. Kudos to all involved in the 1998 Senior Championships and the 20th Atlanta Fall Sailboard Classic, Check out www.windsurfatlanta.org to see full final results and get more info on the ABC. [Ed. (of US Windsurfing News) says ... Just read in the ABC newsletter that Chris retired from his post as club racing chair for '98. Nothing like going out with a bang! Thanks for all your hard work last year Chris, many have appreciated it.]

The Atlanta Boardsailing Club
invites you to sail with us in the 3rd Annual
Long Distance Sail to Benefit Parent to Parent
March 13, 1999 (Wind Date March 14)

Between Buford Dam and Brown's Bridge on Scenic Lake Lanier

The Purpose

A fun event that will benefit Parent to Parent which provides support and resources to families of disabled children or those with special health needs. They have made a direct and positive impact on families within the club.

You may either have sponsors pledge an amount for the distance you sail or donate an entry pledge. This is NOT a race.

The Route

Depending upon the wind direction, we will sail the lower part of Lake Lanier between Buford Dam and Brown's Bridge. Depending upon wind strength, the course is subject to be shortened. Expected end points and rest stops are:

- West Bank Park at Buford Dam
- Van Pugh Park
- Lake Lanier Sailing Club

As the crow flies, this distance is about 12 miles. If the wind is S, SW, W to NW we will sail from the dam to the bridge. If it is N, NE, E, SE, we will start at the bridge. Tune into NOAA or the Weather Channel for predicted directions. Call 770-578-8417 or check the ABC website, the night before or the same day if in doubt. If the predicted wind is less than 10 mph or stronger than 30 mph, we will most likely wait until Sunday. Anything between, we will sail. (yes, non-planing conditions, too.)

Who can participate?

Because of the distance and possibility of rapidly changing conditions, the event itself is for experienced and competent windsurfers only. We invite anyone else to give us a hand with transporting equipment, chase boats, and rest stops. While we intend to have chase boats on the water to aid sailors, each sailor must be prepared for the diverse conditions Lake Lanier can present in

the Spring- from virtual calm to wall-to-wall whitecaps.

Wind Makeup Date

The club may determine that wind conditions are insufficient to permit safe sailing of the course. In such case, we will attempt to sail on the following day. If wind conditions during the weekend due not permit safe sailing, the club may elect to cancel the event but all pledges and donations will still be due.

Schedule

- Saturday or Sunday
- 8:30-10:00 am Registration & Check-in, Coffee and Snacks.
- 10:00 am Skipper's Meeting
- 10:15 am Start
- 12:00 - 2:00 pm Lunch on the Grill
- 3:00 pm After Sail Party

The Rules

Rules? Yes, there are two rules: 1) We do this sail by 'go-kart' rules- the faster windsurfers in the front of the group sail back to back so we all try to stay together. 2) Smile and have fun.

Logistics

We will provide transportation for boards and sailors back to the starting point. We will also try to provide that additional equipment will be brought to the intermediate rest areas to allow sailors to rerig if conditions change.

The Goodies

It's only a \$10 pledge to join the fun. Pledge or raise \$20 and you get a **nifty T-shirt** as a bonus and which in years past have been in great demand. Think big ; get \$50 in pledges and you get a **handy Windsense uphaul** to add to your booty. And if you raise \$100, we'll throw in a cushy set of **Windsense rack**

pads along with the rest of your loot. The windsurfer with the greatest amount of pledges will get a grand prize which is TBA but will be grand. All proceeds go to **Parent to Parent**. (None of this "net" fluff. What you raise is what we give.) The club and corporate sponsors will pick up the expenses.

How can you help if you aren't sailing in the event?

We'll need lots of help off the water, drivers, staff for the rest areas, help with the party afterwards. We will also need help with a chase boat. Also, consider buying the T-shirt or making a pledge. It'll look neat and the proceeds will help someone, too.

For more information

Contact Greg or Kelli Baxendale at 770 578-8417 (grebax@ufsnet.com). For more information about *Parent to Parent*, see their website at www.parentoparentofga.org.

Expected conditions and suggested equipment

It will be March after all, and as the last two years have shown, expect anything. If the wind looks the least bit iffy, a longboard is **highly** recommended. Also, this is Georgia, bring a big sail. If the wind is less than a steady 15, most sailors would benefit from something at least as big as a 7.5² m. (your mileage may vary with weight and rig).

If your dog eats your Entry Application

The application will also be available on the ABC website at www.windsurfatlanta.org/long.html
